Vanessa is the club captain and head coach, she also manages the junior,(under 18) Yorkshire Jets squad. In 2013 she was approached by the Jewish Netball Association to take a junior team out to the 19th Maccabiah games in Israel. This resulted in Great Britain's first Netball Gold Medal ever in these games beating Australia in the finals

Over the years the club has taken a number of teams to tour abroad to play in local tournaments, coming home with varying levels of successes.

All in all, the club can truly claim to be a local club for local children, and a place where teamwork brings success and is rewarded.
